

Claire Summers, Travel Counsellor

I arrange holidays and trips for leisure or business purposes abroad and in the UK.

Did you know that July has become the new January!

People are looking to book their summer holidays now, whereas historically, January has always been the busiest month for Travel Agents.

Obviously this is due to the economic climate and we are seeing customers becoming more confident with their own financial circumstances.

Why should you book your holiday with me?

1. I have access to all the latest deals
2. I receive exclusive rates, especially for Cruises and certain Air Fares
3. I will save you time, leaving you to enjoy life!
4. I will make booking a holiday an enjoyable experience, not a frustrating one!
5. You have peace of mind knowing your money is fully protected by our unique financial trust

I am looking for anyone who is thinking about going on holiday, especially within the next few weeks.

Also looking for people wanting UK theatre/concert breaks.
