

**Did you know that the best point of selling or renting a property is it's kitchen and bathrooms,  
We do both.**

**Did you also know 55% of all households still have the 70's and 80's look, that is the green, yellow and pink suite's. One call to use could put this right. We are starting a service that is Bronze, Silver and Gold:**

**Bronze - Would be economy suite,**

**Silver- Would be a better quality suite,**

**Gold- Would be total refurbishment of walls, floors and suite.**

**Which ever range you choose all will be fitted and finished to our usual high standard.**

**We pride ourselves on listening to the needs of our clients and working within their budget.**

**So for the best quote be it for Bronze, Silver or Gold give your local plumber Dave at **AQUAFIX** a call.**
