Dear Bob,

I have just counted the paintings and prints we have on the walls in our house which come to a total of 16. At least 11 have been framed by you!

Not only does that speak for itself, I reckon, but you also framed our one and only original.

They all look great Bob, thank you, and you looked after the original with great respect and made a lovely job of it - including 'phoning the Gallery and checking everything was as they had mounted their originals.

Thank you very much, I have absolutely no hesitation in recommending you to anyone wanting their pictures framed - including a contact who is trying to set up an arts centre in Maidstone.

Yours sincerely

Andrew Cowen
