Dear Reader of this Testimony,

ACE SERVICE - AIR CONDITIONING

We have worked with Dave on a client job and although they didn't buy initially, he offered expert professional advice with a system that was appropriate for the shop installation.

We all know that if you 'buy cheap, you buy twice'.

Dave uses the best systems to offer systems that won't let you down when you need it most.

Imagine an important meeting with a top client and your air conditioning packs up and the client leaves before you close the business?

This won't happen with the systems Cool Dave implements 'buy once and buy the best you can afford, buy peace of mind'.

Your sincerely,

Gary Guillon Director
