Dear Reader of this Testimony,

## CONGREAVE & CO LTD - HEATING ENGINEERS

Elliott has serviced our old boiler, Mr Worcester we call him.

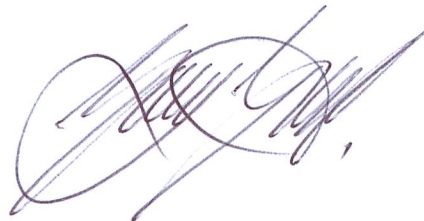

He has maintained our rented property and always responds to their needs within 24 hours.

He fitted a boiler to a friend's old town house in Chatham which was awkward given the solid walls and existing pipe work, but as usual Elliott found a way where most would have given up or bodged it in.

We highly recommend Elliott to you ... however, a word of warning ... don't ask how the boilers work ... as he will tell you in great detail.

But do ask him if it is worth fitting a solar panel to supplement the hot water, as this is worth considering.

Your sincerely,

Gary Guillon Director
