Dear Mr Cantlon

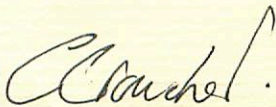

Conservatory, Croft Lodge, ME17 3SQ

Please find enclosed our final payment for two double radiators, associated pipework & connection to the existing system together with isolating valves.

Our client is most impressed with the efficiency & speed of your staff. The system is working well & seems more than adequate for the volume, giving an even temperature throughout the conservatory.

We look forward to offering your Company additional plumbing work in the future.

Yours sincerely

**Claire Croucher
Admin Manager**
