Mr D Cantlon
Aquafix

Dear David

AN AMAZING TRANSFORMATION!

We'd like to thank you and Scott for the fantastic difference you made to our bathroom.

You gave us a competitive quote, started promptly and completed the work on schedule with the minimum disruption to family life. What's more, there was plenty sound advice and guidance - which helped us save a little money too.

Having an entire bathroom ripped out and replaced is a nerve wracking time for mere mortals like us. However you made us feel at ease, never left us without a toilet and we were particularly impressed with the way you took care to protect our carpets and wear protective shoe covers to minimise mess.

All the work has been done to an excellent standard and you have been extra helpful in resolving those inevitable snags and even other plumbing problems in our home promptly and with no extra cost to us.

We have a brand new bathroom with a real WOW factor making our friends and family jealous!

You even helped Nescafe and McVitties make a profit this month!

Thanks again - we cannot recommend you highly enough.

Kind regards

Marc & Emma
