Dear Warren

**Re: Business Bank Account - Testimonial**

Just a short note to thank you for your help in sorting out a business bank account for me!

I often find the non-photographic side of my business to be tedious and time consuming – but my experience of opening and using my business bank account was pain free.

Your patience and willingness to explain the various options to me was most valuable, and I would not hesitate to recommend your services to anybody who wishes to open a bank account.

Yours faithfully

Rick Mason
