***Mr Mark Horner, Chartered Architect  
Orchard House, Dorothy Avenue, Cranbrook  
Kent TN17 3AY***

Having known Mark for many years now, I have little hesitation in telling you he has several endearing qualities:

He has dedication beyond the call of duty – it seems nothing is too much trouble for him and his loyalty and commitment is an inspiration to us all.

Without fail, he regularly presents himself and his business as an Architect in such a manner that can only be described as articulate and professional.

He has risen to the various challenges from *Visitor Host to Chapter Director* and it has to be said with the same spirit and enthusiasm that he applies to his work. It therefore goes without saying that he runs a very successful practice in Cranbrook.

So to summarise – without doubt Mark is a person and a friend who cares, considers others and above all does things to the best of his ability.

It is for these reasons that make him a somewhat unique, valued and respected member of our Chapter.
