Dear Elliot

Re: Heating System at Northdown House

Further to your works at my home I write to express my thanks on a job very well done.

From the initial diagnosis of our problem with small bore pipes used during the building works 5 years ago. To the replacement pipe work and thermostatic control valves fitted on every radiator. Your work has been timely and professional and the result a warm balanced house.

We will definitely use you again and will recommend you to family and friends. My mum is delighted with the new boiler you fitted for her last year.

Thank you once again for your advice, help and professionalism.

Best regards

Terry Roffey
