BNI Testimonial for RJM Photographic

Dear Rick

Re: Photographs for Brook Security Website

I am writing to thank you for the quality and range of photographs you shot for our website.

We were unsure about the mix of product shot and application shots of buildings where we carry out our work. You dealt with this by shooting both and giving us an extensive library to choose from. We have used several on our website and kept the others in a library for future use.

We are happy to provide a reference for you in the future if any of your prospective client's require them.

Thanks again and best wishes

Kind regards
